REGLAS PARA EL OTORGAMIENTO DE CREDITOS A LOS TRABAJADORES DERECHOHABIENTES DEL INSTITUTO DEL FONDO NACIONAL DE LA VIVIENDA PARA LOS TRABAJADORES.

Con fundamento en los artículos 16, fracción IX y 47, de la Ley del Instituto del Fondo Nacional de la Vivienda para los Trabajadores, en las sesiones ordinarias 714, celebrada el 27 de octubre de 2010, y 715, celebrada el 18 de noviembre de 2010, el H. Consejo de Administración emitió las resoluciones RCA-3093-10/10, RCA-3094-10/10; RCA-3150-11/10; RCA-3151-11/10, RCA-3153-11/10; RCA-3154-11/10; RCA-3155-11/10; mediante las cuales aprobó el Nuevo Esquema de Vivienda Verde, la modificación a las Reglas para el Otorgamiento de Créditos a los Trabajadores Derechohabientes del Instituto del Fondo Nacional de la Vivienda para los Trabajadores, la Tabla E: Monto de Crédito e Importes para su amortización por la presencia de ecotecnologías y las modificaciones a los factores de pago ROA y REA para los créditos por excedente (Infonavit Total) para evitar que se genere riesgo de extensión.

Por lo anterior, el H. Consejo de Administración del Infonavit ha tenido a bien ordenar la publicación de las siguientes reformas a las Reglas para el Otorgamiento de Créditos a los Trabajadores Derechohabientes del Instituto del Fondo Nacional de la Vivienda para los Trabajadores.

### **DE LAS DISPOSICIONES GENERALES**

**SEGUNDA BIS.** Para efectos de las presentes Reglas, se entenderá por:

- a) Ecotecnologías: los aparatos y equipos que estén instalados o que se incorporen a las viviendas y que, utilizando tecnologías modernas y eficientes, hagan posible el ahorro en el consumo de energía y agua.
- b) Salario mínimo mensual: el que resulte de multiplicar por 30.4 el salario mínimo diario general que rija en el Distrito Federal.

### **CARACTERISTICAS DE LA VIVIENDA**

**TERCERA.** La vivienda que se pretenda adquirir, construir, reparar, ampliar, mejorar, o por la que se pretenda cubrir pasivos adquiridos por cualquiera de estos conceptos, deberá ser cómoda e higiénica y estar ubicada en zonas que cuenten con toda la infraestructura urbana: servicios de agua potable, energía eléctrica, drenaje o, en su defecto, fosa séptica y contar con la presencia de ecotecnologías. La vivienda deberá tener una vida útil probable de 30 años, a partir del otorgamiento del crédito y ser garantía suficiente del mismo.

### **MONTO MAXIMO DE CREDITO**

**DECIMA OCTAVA.** El monto total del crédito que otorgue el Instituto, en ningún caso podrá exceder la suma del monto máximo señalado en las Tablas de Montos Máximos, mismos que estarán expresados en veces salario mínimo mensual, que se publique en el Diario Oficial de la Federación en términos del artículo 48 de la Ley del instituto, y del monto máximo de ecotecnologías.

El Instituto podrá otorgar los montos máximos de crédito que se establezcan en la Tabla de Montos Máximos de Crédito por Excedente, siempre y cuando el Instituto transfiera a una entidad financiera un porcentaje del crédito otorgado. En este caso, el crédito que se otorgue podrá aplicarse a viviendas de cualquier valor.

En los casos en que el derechohabiente solicite crédito con base en la Tabla de Montos Máximos de Crédito por Excedente, a que se refiere el párrafo anterior, éste deberá cumplir, además, con los criterios de elegibilidad que el Instituto convenga con las entidades financieras. Dichos criterios se deberán dar a conocer a los derechohabientes en el sitio de Internet del Instituto y en ningún caso serán más restrictivos que los que dichas entidades apliquen al otorgamiento de sus créditos en cofinanciamiento con el Instituto.

Para determinar el monto máximo de crédito a que tiene derecho el trabajador, en las tablas señaladas en el primer párrafo de la presente regla, se considerará el salario disponible, mismo que se determina al deducirle al salario mensual integrado la pensión alimenticia que determine la autoridad competente, en caso de existir.

Se entiende por salario mensual integrado, el que resulte menor de:

- a) el promedio del salario integrado de los últimos seis bimestres cotizados, o
- b) el salario integrado del trabajador correspondiente al mes en que solicita el crédito.

Para efectos de lo dispuesto en el segundo párrafo de esta regla, por entidades financieras se entenderán las entidades financieras y fideicomisos que, conforme a las leyes aplicables, estén autorizados para otorgar créditos a la vivienda y que además reúnan los requisitos que señala la administración.

#### **MONTO MAXIMO DE CREDITO – APLICACION DEL SALDO DE LA SUBCUENTA DE VIVIENDA**

**VIGESIMA.** Cuando un trabajador reciba un crédito del Instituto, el saldo de la subcuenta de vivienda de la cuenta individual del sistema de ahorro para el retiro se aplicará, junto con el monto de dicho crédito, como pago de alguno de los conceptos a que se refieren los incisos de la regla segunda.

La suma total por concepto de crédito, más el saldo de la subcuenta de vivienda, que podrán recibir los trabajadores, será la cantidad máxima de doscientas veinte veces el salario mínimo mensual.

Cuando el crédito se otorgue con base en la Tabla de Montos Máximos de Crédito por Excedente, esta cantidad podrá ser de hasta trescientas cincuenta veces el salario mínimo mensual.

Las cantidades establecidas en los dos párrafos anteriores se incrementarán por el monto correspondiente al financiamiento de ecotecnologías.

Cuando un trabajador reciba un crédito del Instituto con base en lo dispuesto en el segundo párrafo de la Regla Décima Octava, el derechohabiente podrá dar su consentimiento e instruir al Instituto para que el saldo de la subcuenta de vivienda se aplique parcialmente junto con el monto de dicho crédito, y el remanente se aplique en forma diferida para reducir el saldo insoluto del crédito o para mejorar las condiciones financieras de éste, conforme a lo establecido en la Regla Décima Octava Bis.

En los casos en los que el saldo de la subcuenta de vivienda se aplique parcialmente, conforme a lo establecido en el párrafo anterior, la suma total por concepto de crédito, más el saldo de la subcuenta de vivienda, que podrán recibir los trabajadores no estará sujeta a ningún límite máximo.

Para el caso de que el saldo de la subcuenta de vivienda no se aplique parcialmente, conforme a lo establecido en el párrafo tercero de la presente regla, la suma total por concepto de crédito, más el saldo de la subcuenta de vivienda que podrán recibir los trabajadores, será la cantidad máxima de trescientas cincuenta veces el salario mínimo mensual.

#### **DESCUENTOS**

**VIGESIMA SEXTA.** Al momento en que se formalice el crédito se establecerá la cuota mensual en veces el salario mínimo, proporcional al monto de crédito a otorgar, la cual, al multiplicarse por el salario mínimo mensual del Distrito Federal vigente al momento del pago, dará como resultado el importe que tendrá que cubrir el trabajador. Para este propósito, es obligación del Infonavit comunicar al patrón o persona a la cual le

presta sus servicios el acreditado, la cantidad que le debe descontar de su salario. El monto del descuento se calculará de manera que se asegure la amortización completa del crédito en el plazo previsto, considerando la tasa de interés que se aplique inicialmente y suponiendo que las aportaciones patronales del cinco por ciento, que se aplican durante la vigencia del crédito para reducir el saldo insoluto a cargo del trabajador, se mantengan constantes en veces salario mínimo.

Para determinar la cuota mensual en veces el salario mínimo mensual, se multiplicará el monto de crédito a otorgar en veces el salario mínimo, por el factor de descuento que le corresponda, considerando la edad y el ingreso del trabajador de acuerdo a las tablas de factores de descuento que se anexa a las presentes reglas como Tabla "C".

El Instituto también incorporará en el importe de la cuota mensual de amortización el importe correspondiente a la amortización del crédito otorgado para ecotecnologías, según la cuota mensual que se establece en la Tabla "E".

Es requisito indispensable que en el acto de formalización del crédito el trabajador presente el aviso de retención de descuentos, debidamente sellado y firmado por la empresa en que labora.

En caso de que se modifique la tasa de interés variable que se aplicará en el siguiente semestre, conforme a lo dispuesto en la Regla Vigésima Quinta, para el efecto de asegurar que el crédito otorgado se amortice en el plazo de amortización del crédito que se hubiere pactado en el respectivo contrato, se podrá ajustar concomitantemente la cuota mensual en veces el salario mínimo mensual.

Sin perjuicio de lo antes dispuesto y por instrucción de los trabajadores, el Instituto incorporará en el importe de la cuota mensual de amortización, el importe de la aportación mensual que los propios trabajadores deban efectuar al fondo mutualista a que se hace referencia en la Regla Sexta para el efecto de mantener debidamente otorgada su correspondiente cobertura.

#### **REGIMEN ESPECIAL DE AMORTIZACION**

**TRIGESIMA.** El trabajador acreditado realizará los pagos de su crédito conforme al Régimen Especial de Amortización que determine el Consejo de Administración del Instituto, en los casos siguientes:

- a) Cuando pierda su relación laboral y no hubiere tramitado oportunamente su prórroga, o que no haga uso de ella;
- b) Al vencimiento de la prórroga y que no esté sujeto a una relación laboral;
- c) Cuando se trate de un trabajador acreditado jubilado o pensionado;
- d) Cuando el trabajador acreditado cambie de empleo a una relación laboral sujeta al apartado "b" del artículo 123 constitucional, o
- e) Cuando el trabajador mantiene su relación laboral, pero el patrón retiene las amortizaciones y no las entera al Infonavit, previa autorización de las áreas correspondientes del Instituto. bajo este supuesto, el trabajador no estará obligado a cubrir la parte del pago correspondiente a la aportación patronal.

Cuando un trabajador realice el pago de su crédito conforme al Régimen Especial de Amortización, dicho pago se determinará multiplicando el monto original del crédito, otorgado en veces el salario mínimo, por el factor de descuento que le corresponda, considerando la edad y el ingreso del trabajador a la fecha de originación del crédito, de acuerdo a las Tablas de Factores de Descuento que se anexan a las presentes reglas como Tabla "D", dividido entre el salario del trabajador a la fecha de originación del crédito y multiplicado por el salario determinado de acuerdo a la Regla Vigésima Quinta, con excepción al caso previsto en el inciso "e)" anterior, en cuyo caso se seguirá aplicando el factor de descuento que se determine conforme a la Regla Vigésima Sexta.

El Instituto incorporará asimismo en el importe de la cuota mensual de amortización el importe correspondiente a la amortización del crédito otorgado para ecotecnologías, según la cuota mensual que se establece en la Tabla "E".

**PRIMERA.** Estas Reglas entrarán en vigor el día primero de enero de dos mil once.
