

## SECRETARÍA DE MEDIO AMBIENTE Y RECURSOS NATURALES

**ACUERDO** por el que se dan a conocer los valores de cada una de las variables que integran las fórmulas para determinar durante el ejercicio fiscal 2022 las zonas de disponibilidad, a que se refieren las fracciones I y II, del artículo 231 de la Ley Federal de Derechos, vigente a partir del 1 de enero del 2014.

Al margen un sello con el Escudo Nacional, que dice: Estados Unidos Mexicanos.- Secretaría de Medio Ambiente y Recursos Naturales.

GERMÁN ARTURO MARTÍNEZ SANTOYO, Director General de la Comisión Nacional del Agua, Órgano Administrativo Desconcentrado de la Secretaría de Medio Ambiente y Recursos Naturales, con fundamento en los artículos 4, 9 fracciones I, VI, XXIX, XXXV y LIV, y 12 fracciones VIII y XII de la Ley de Aguas Nacionales; 231 fracciones I y II de la Ley Federal de Derechos, y 1, primer párrafo, 8, primer párrafo y 13 fracciones I, II, XI, XXI, XXIII y XXX del Reglamento Interior de la Comisión Nacional del Agua, y

### CONSIDERANDO

Que el artículo 4 de la Ley de Aguas Nacionales, establece que corresponde al Ejecutivo Federal la autoridad y administración en materia de aguas nacionales y sus bienes públicos inherentes, quien las ejercerá directamente o a través de la Comisión Nacional del Agua;

Que el artículo 9, fracciones VI y LIV de la Ley de Aguas Nacionales establece que la Comisión Nacional del Agua cuenta con atribuciones para emitir disposiciones de carácter general en materia de aguas nacionales y sus bienes públicos inherentes, así como realizar las demás facultades que señalen las disposiciones legales;

Que conforme a lo dispuesto por el artículo 9, fracción XXIX, de la Ley de Aguas Nacionales, la Comisión Nacional del Agua tiene atribuciones fiscales en materia de administración, determinación, liquidación, cobro, recaudación y fiscalización de las contribuciones y aprovechamientos que se le destinen o en los casos que señalen las leyes respectivas, conforme a lo dispuesto en el Código Fiscal de la Federación;

Que asimismo, los artículos 192-E y 230-A de la Ley Federal de Derechos, establecen que la Comisión Nacional del Agua en materia del derecho por el uso, explotación o aprovechamiento de aguas nacionales cuenta con atribuciones en materia de administración, determinación, liquidación, cobro, recaudación y fiscalización de dichas contribuciones;

Que el territorio nacional se ha dividido en 13 regiones hidrológico-administrativas, referidas a límites municipales de amplias regiones hidrológicas, mismas que se definieron con base en el "ACUERDO por el que se determina la circunscripción territorial de los Organismos de Cuenca de la Comisión Nacional del Agua", publicado en el Diario Oficial de la Federación el 1 de abril de 2010 y que a continuación se señalan:

| Organismos de cuenca                    | Ciudades sedes                |
|-----------------------------------------|-------------------------------|
| <b>I.</b> Península de Baja California  | Mexicali, Baja California     |
| <b>II.</b> Noroeste                     | Hermosillo, Sonora            |
| <b>III.</b> Pacífico Norte              | Culiacán, Sinaloa             |
| <b>IV.</b> Balsas                       | Cuernavaca, Morelos           |
| <b>V.</b> Pacífico Sur                  | Oaxaca, Oaxaca                |
| <b>VI.</b> Río Bravo                    | Monterrey, Nuevo León         |
| <b>VII.</b> Cuencas Centrales del Norte | Torreón, Coahuila de Zaragoza |
| <b>VIII.</b> Lerma Santiago-Pacífico    | Guadalajara, Jalisco          |
| <b>IX.</b> Golfo Norte                  | Ciudad Victoria, Tamaulipas   |
| <b>X.</b> Golfo Centro                  | Xalapa, Veracruz              |
| <b>XI.</b> Frontera Sur                 | Tuxtla Gutiérrez, Chiapas     |
| <b>XII.</b> Península de Yucatán        | Mérida, Yucatán               |
| <b>XIII.</b> Aguas del Valle de México  | Ciudad de México              |

Que las 13 regiones hidrológico-administrativas referidas, se han tomado en cuenta en los Acuerdos a través de los cuales se dieron a conocer los límites de los 653 acuíferos del país;

Que la extensión geográfica de las regiones hidrológicas del país no es coincidente con los límites territoriales de los municipios, por lo que, la República Mexicana fue dividida en el año de 1969, en las siguientes regiones hidrológicas (RH):

| <b>Regiones Hidrológicas</b> |                              |
|------------------------------|------------------------------|
| <b>Clave de Región</b>       | <b>Nombre de la Región</b>   |
| <b>1</b>                     | Baja California Noroeste     |
| <b>2</b>                     | Baja California Centro-Oeste |
| <b>3</b>                     | Baja California Suroeste     |
| <b>4</b>                     | Baja California Noreste      |
| <b>5</b>                     | Baja California Centro-Este  |
| <b>6</b>                     | Baja California Sureste      |
| <b>7</b>                     | Río Colorado                 |
| <b>8</b>                     | Sonora Norte                 |
| <b>9</b>                     | Sonora Sur                   |
| <b>10</b>                    | Sinaloa                      |
| <b>11</b>                    | Presidio-San Pedro           |
| <b>12</b>                    | Lerma-Santiago               |
| <b>13</b>                    | Río Huicicila                |
| <b>14</b>                    | Río Ameca                    |
| <b>15</b>                    | Costa de Jalisco             |
| <b>16</b>                    | Armería-Coahuayana           |
| <b>17</b>                    | Costa de Michoacán           |
| <b>18</b>                    | Balsas                       |
| <b>19</b>                    | Costa Grande de Guerrero     |
| <b>20</b>                    | Costa Chica de Guerrero      |
| <b>21</b>                    | Costa de Oaxaca              |
| <b>22</b>                    | Tehuantepec                  |
| <b>23</b>                    | Costa de Chiapas             |
| <b>24</b>                    | Bravo-Conchos                |
| <b>25</b>                    | San Fernando-Soto la Marina  |
| <b>26</b>                    | Pánuco                       |
| <b>27</b>                    | Norte de Veracruz            |
| <b>28</b>                    | Papaloapan                   |
| <b>29</b>                    | Coatzacoalcos                |
| <b>30</b>                    | Grijalva-Usumacinta          |
| <b>31</b>                    | Yucatán Oeste                |
| <b>32</b>                    | Yucatán Norte                |
| <b>33</b>                    | Yucatán Este                 |
| <b>34</b>                    | Cuencas Centrales del Norte  |
| <b>35</b>                    | Mapimí                       |
| <b>36</b>                    | Nazas-Aguanaval              |
| <b>37</b>                    | Salado                       |

Que las 37 regiones hidrológicas (RH) referidas, se han tomado en cuenta en los Acuerdos a través de los cuales se dieron a conocer los límites de las 757 cuencas del país;

Que los límites geográficos de los 653 acuíferos y las 757 cuencas hidrológicas de los Estados Unidos Mexicanos, fueron dados a conocer a través de diversos acuerdos publicados en el Diario Oficial de la Federación;

Que la denominación única de los acuíferos del país, se dio a conocer a través de los siguientes instrumentos publicados en el Diario Oficial de la Federación:

- "ACUERDO por el que se establece y da a conocer al público en general la denominación única de los acuíferos reconocidos en el territorio de los Estados Unidos Mexicanos, por la Comisión Nacional del Agua, y la homologación de los nombres de los acuíferos que fueron utilizados para la emisión de los títulos de concesión, asignación o permisos otorgados por este órgano desconcentrado", publicado en el Diario Oficial de la Federación el 5 de diciembre de 2001.
- "ACUERDO por el que se da a conocer el resultado de los estudios de disponibilidad media anual de las aguas subterráneas de 50 acuíferos de los Estados Unidos Mexicanos, mismos que forman parte de las regiones hidrológicas que se indican", publicado en el Diario Oficial de la Federación el 13 de agosto de 2007.
- "ACUERDO por el que se da a conocer el resultado de los estudios de disponibilidad media anual de las aguas subterráneas de 30 acuíferos de los Estados Unidos Mexicanos, mismos que forman parte de las regiones hidrológicas que se indican", publicado en el Diario Oficial de la Federación el 3 de enero de 2008.
- "ACUERDO por el que se da a conocer la ubicación geográfica de 371 acuíferos del territorio nacional, se actualiza la disponibilidad media anual de agua subterránea de 282 acuíferos, y se modifica, para su mejor precisión, la descripción geográfica de 202 acuíferos", publicado en el Diario Oficial de la Federación el 28 de agosto de 2009.
- "ACUERDO por el que se da a conocer el resultado de los estudios de disponibilidad media anual de las aguas subterráneas de 41 acuíferos de los Estados Unidos Mexicanos, mismos que forman parte de las regiones hidrológicas que se indican", publicado en el Diario Oficial de la Federación el 16 de agosto de 2010.

Que con fecha 11 de diciembre de 2013, fue publicado en el Diario Oficial de la Federación el "DECRETO por el que se reforman, adicionan y derogan diversas disposiciones de la Ley del Impuesto al Valor Agregado; de la Ley del Impuesto Especial sobre Producción y Servicios; de la Ley Federal de Derechos; y se abrogan la Ley del Impuesto Empresarial a Tasa Única, y la Ley del Impuesto a los Depósitos en Efectivo", entrando en vigor el 1 de enero de 2014;

Que el artículo 223 de la Ley Federal de Derechos, establece que por la explotación, uso o aprovechamiento de aguas nacionales, se pagará el derecho sobre agua, de conformidad con la zona de disponibilidad de agua y la cuenca o acuífero en que se efectúe su extracción;

Que el artículo 231, fracción I de la Ley Federal de Derechos, establece que tratándose de aguas superficiales la determinación será por cuenca hidrológica aplicando la siguiente fórmula:

$$Dr = \frac{Cp + Ar + R + Im}{Uc + Rxy + Ex + Ev + \Delta V}$$

**Donde:**

Dr= Disponibilidad relativa

Cp= Volumen medio anual de escurrimiento natural

Ar= Volumen medio anual de escurrimiento desde la cuenca aguas arriba

R= Volumen anual de retornos

Im= Volumen anual de importaciones

Uc= Volumen anual de extracción de agua superficial

Rxy= Volumen anual actual comprometido aguas abajo

Ex= Volumen anual de exportaciones

Ev= Volumen anual de evaporación en embalses

$\Delta V$ = Volumen anual de variación del almacenamiento en embalses

Que el artículo 231, fracción II de la Ley Federal de Derechos, establece que tratándose de aguas subterráneas la determinación será por acuífero aplicando la siguiente fórmula:

$$Idas = \frac{Dma}{(R - Dnc)}$$

**Donde:**

Idas= Índice de disponibilidad

Dma= Disponibilidad media anual de agua subterránea en una unidad hidrogeológica

R= Recarga total media anual

Dnc= Descarga natural comprometida

Que los valores de las variables anteriores, se determinarán en términos del método obligatorio previsto en la "NORMA Oficial Mexicana NOM-011-CONAGUA-2000, Conservación del recurso agua-Que establece las especificaciones y el método para determinar la disponibilidad media anual de las aguas nacionales", publicada en el Diario Oficial de la Federación el 17 de abril de 2002, y

Que el propio artículo 231, fracciones I y II, de la Ley Federal de Derechos establece que la Comisión Nacional del Agua, publicará anualmente como facilidad administrativa en el Diario Oficial de la Federación, los valores de cada una de las variables que integran las fórmulas para determinar las zonas de disponibilidad, por lo que en cumplimiento de lo anterior he tenido a bien expedir el siguiente:

**ACUERDO POR EL QUE SE DAN A CONOCER LOS VALORES DE CADA UNA DE LAS VARIABLES QUE INTEGRAN LAS FÓRMULAS PARA DETERMINAR DURANTE EL EJERCICIO FISCAL 2022 LAS ZONAS DE DISPONIBILIDAD, A QUE SE REFIEREN LAS FRACCIONES I Y II, DEL ARTÍCULO 231 DE LA LEY FEDERAL DE DERECHOS, VIGENTE A PARTIR DEL 1 DE ENERO DEL 2014**

**Artículo Primero.-** Los valores de las variables para determinar la zona de disponibilidad de las cuencas hidrológicas durante el ejercicio fiscal de 2022 a que se refiere la fórmula prevista en el artículo 231, fracción I, de la Ley Federal de Derechos, son los contenidos en el "Acuerdo por el que se actualiza la disponibilidad media anual de las aguas nacionales superficiales de las 757 cuencas hidrológicas que comprenden las 37 regiones hidrológicas en que se encuentra dividido los Estados Unidos Mexicanos", publicado en el Diario Oficial de la Federación el 21 de septiembre de 2020, al ser los más recientes al inicio del presente ejercicio:

\*Número de Acuerdo: Es el correspondiente al previsto en el punto Cuarto del presente documento.

**Artículo Tercero.-** Los límites de cada una de las cuencas referidas en el artículo Primero del presente Acuerdo, son los definidos por las poligonales simplificadas cuyos vértices, en coordenadas geográficas se indicaron en el “Acuerdo por el que se dan a conocer los límites de las 757 cuencas hidrológicas que comprenden las 37 regiones hidrológicas en que se encuentra dividido los Estados Unidos Mexicanos”, publicado en el Diario Oficial de la Federación el 27 de mayo de 2016.

**Artículo Cuarto.-** Los límites de cada uno de los acuíferos referidos en el artículo Segundo del presente Acuerdo, son los definidos por las poligonales simplificadas cuyos vértices, en coordenadas geográficas se indicaron en los siguientes instrumentos publicados en el Diario Oficial de la Federación:

| Número de Acuerdo | Instrumento                                                                                                                                                                                                                                                               | Fecha de publicación en el Diario Oficial de la Federación |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------|
| 1                 | ACUERDO por el que se da a conocer el resultado de los estudios de disponibilidad media anual de las aguas subterráneas de 50 acuíferos de los Estados Unidos Mexicanos, mismos que forman parte de las regiones hidrológicas que se indican.                             | 13 de agosto de 2007                                       |
| 2                 | ACUERDO por el que se da a conocer el resultado de los estudios de disponibilidad media anual de las aguas subterráneas de 30 acuíferos de los Estados Unidos Mexicanos, mismos que forman parte de las regiones hidrológicas que se indican.                             | 3 de enero de 2008                                         |
| 3                 | ACUERDO por el que se da a conocer la ubicación geográfica de 371 acuíferos del territorio nacional, se actualiza la disponibilidad media anual de agua subterránea de 282 acuíferos, y se modifica, para su mejor precisión, la descripción geográfica de 202 acuíferos. | 28 de agosto de 2009                                       |

El "Número de Acuerdo" que de manera consecutiva se señala en la tabla anterior, se relaciona con la tabla contenida en el artículo Segundo del presente Acuerdo en la columna denominada "\*No. de Acuerdo", para indicar por cada uno de los acuíferos, el Acuerdo que delimita su extensión geográfica según corresponda.

**Artículo Quinto.-** El contribuyente podrá consultar en el sistema disponible en la página de Internet de la Comisión Nacional del Agua [www.gob.mx/conagua](http://www.gob.mx/conagua) y dependiendo si la fuente de extracción es agua subterránea o agua superficial, el acuífero o cuenca que corresponde, con base en las coordenadas geográficas del aprovechamiento donde efectivamente se extrae el recurso.

#### TRANSITORIO

**ÚNICO.** El presente Acuerdo tendrá vigencia para efectos de determinar la zona de disponibilidad a que se refieren las fracciones I y II del artículo 231 de la Ley Federal de Derechos, para el ejercicio fiscal 2022.

Ciudad de México, a los 3 días del mes de febrero de 2022.- Director General, **Germán Arturo Martínez Santoyo.-** Rúbrica.
